

# R1T & QLP Rollout Tracker – Completion Checklist

(Dynamic 5-Sheet Version with QLSV & QO Example)

## 1 File Setup

| Check                    | Item               | Expected Outcome                                         |
|--------------------------|--------------------|----------------------------------------------------------|
| <input type="checkbox"/> | File Name          | R1T_Rollout_Tracker.xlsx                                 |
| <input type="checkbox"/> | Software           | Excel 365 (Windows)                                      |
| <input type="checkbox"/> | Sheets Present     | 5: Tracker, Dashboard, Risk Log, User Guide, Roadmap     |
| <input type="checkbox"/> | Sheet Order        | Matches instruction document                             |
| <input type="checkbox"/> | Editable Structure | New rows & phases can be added without breaking formulas |
| <input type="checkbox"/> | Print Setup        | Dashboard & Roadmap set to A3 Landscape, fit to 1 page   |

## 2 Sheet 1 – R1T Rollout Tracker

| Check                    | Item                   | Expected Outcome                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> | Table Format           | Tracker converted to Excel Table tblTracker                                                                                                                                                                                                                                                                                                                                                                                                          |
| <input type="checkbox"/> | Columns Present        | Phase, Deliverable/Output, Owner, Support/Contributor, Planned Finish, Actual Finish, Progress %, Status, Next Step/Comment                                                                                                                                                                                                                                                                                                                          |
| <input type="checkbox"/> | Status Dropdown        |      values available |
| <input type="checkbox"/> | Conditional Formatting | Progress data bars & Status icons applied                                                                                                                                                                                                                                                                                                                                                                                                            |
| <input type="checkbox"/> | Phase Colouring        | Purple/Green/Gold/Grey swatches or bands applied to example phases                                                                                                                                                                                                                                                                                                                                                                                   |
| <input type="checkbox"/> | Usability              | Top row frozen, filters on, % & Status centred                                                                                                                                                                                                                                                                                                                                                                                                       |
| <input type="checkbox"/> | Pre-fill               | Four example phases & deliverables entered as per brief                                                                                                                                                                                                                                                                                                                                                                                              |

### 3 Sheet 2 – Summary Dashboard (Dynamic)

| Check                    | Item               | Expected Outcome                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------------------|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> | Dynamic Phase List | Phases pulled from <code>tblTracker[Phase]</code> (via Pivot or <code>UNIQUE</code> )                                                                                                                                                                                                                                                                                                                                               |
| <input type="checkbox"/> | Summary Table      | % Completed, Completed/Total, Lead Owner, Status populate for each phase                                                                                                                                                                                                                                                                                                                                                            |
| <input type="checkbox"/> | Formulas           | <code>AVERAGEIF/COUNTIFS/IF</code> logic works for all phases (including newly added)                                                                                                                                                                                                                                                                                                                                               |
| <input type="checkbox"/> | Chart              | Progress chart updates when tracker data changes                                                                                                                                                                                                                                                                                                                                                                                    |
| <input type="checkbox"/> | Status Legend      |      explained |
| <input type="checkbox"/> | Top 3 Risks        | Visible (manual or linked to Risk Log)                                                                                                                                                                                                                                                                                                                                                                                              |
| <input type="checkbox"/> | Footer             | Logo (~2 cm) left, <code>=TODAY( )</code> centre, tagline right                                                                                                                                                                                                                                                                                                                                                                     |
| <input type="checkbox"/> | Print              | A3 landscape fits on one page                                                                                                                                                                                                                                                                                                                                                                                                       |

### 4 Sheet 3 – Risk / Issue Log

| Check                    | Item                   | Expected Outcome                                                                                           |
|--------------------------|------------------------|------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> | Table Format           | Risk log set as table <code>tblRisks</code>                                                                |
| <input type="checkbox"/> | Columns Present        | ID, Phase, Description, Impact (H/M/L), Owner, Support/Contributor, Mitigation/Action, Target Date, Status |
| <input type="checkbox"/> | Conditional Formatting | Impact: H=Red; M=Amber; L=Green                                                                            |
| <input type="checkbox"/> | Filters & Alignment    | All columns filterable; Impact/Status centred                                                              |
| <input type="checkbox"/> | Example Data           | R1–R4 present per instruction document                                                                     |

### 5 Sheet 4 – User Guide

| Check                    | Item              | Expected Outcome                                                       |
|--------------------------|-------------------|------------------------------------------------------------------------|
| <input type="checkbox"/> | One-page Guidance | Steps to add work, update status, see dashboard, manage risk, print A3 |

| Check                    | Item           | Expected Outcome                     |
|--------------------------|----------------|--------------------------------------|
| <input type="checkbox"/> | Readability    | 10–12 pt font, concise bullet points |
| <input type="checkbox"/> | Self-contained | No macros or external links required |

## 6 Sheet 5 – Roadmap

| Check                    | Item            | Expected Outcome                                                                      |
|--------------------------|-----------------|---------------------------------------------------------------------------------------|
| <input type="checkbox"/> | Columns Present | Phase, Start Date, End Date, Key Deliverables, % Complete, Milestone Status, Comments |
| <input type="checkbox"/> | Visual          | Gantt or bar timeline per phase using phase colours                                   |
| <input type="checkbox"/> | Print           | A3 landscape, fit to 1 page                                                           |

## 7 Branding, Protection & Quality

| Check                    | Item        | Expected Outcome                                                            |
|--------------------------|-------------|-----------------------------------------------------------------------------|
| <input type="checkbox"/> | Colours     | Purple #2B1043, Green #5E9E3F, Gold #E3B231, Grey #666666 used consistently |
| <input type="checkbox"/> | Fonts       | Calibri or Arial ( $\geq 10$ pt)                                            |
| <input type="checkbox"/> | Protection  | Formulas locked, input cells unlocked (no passwords)                        |
| <input type="checkbox"/> | Consistency | Dates/percentages formatted; alignment tidy                                 |
| <input type="checkbox"/> | No Warnings | File opens cleanly with no errors                                           |

## 8 Functional Tests (Must Pass)

| Test                                                                                                          | Expected Result                                           |
|---------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------|
| Add a new phase in Tracker                                                                                    | Phase appears in Dashboard list and summary automatically |
| Change Progress % on any item                                                                                 | % Completed and chart update without manual refresh       |
| Mark deliverable  Complete | Completed/Total adjusts correctly                         |
| Add a new risk                                                                                                | Risk Log expands and can be referenced in Top 3 Risks     |

| Test          | Expected Result                        |
|---------------|----------------------------------------|
| Print preview | Dashboard & Roadmap fit A3 as designed |

## Delivery Confirmation

| Check                    | Item                       | Expected Outcome                         |
|--------------------------|----------------------------|------------------------------------------|
| <input type="checkbox"/> | Final file submitted       | R1T_Rollout_Tracker.xlsx                 |
| <input type="checkbox"/> | Dynamic dashboard verified | Works with newly added phases            |
| <input type="checkbox"/> | Professional finish        | Branding, layout, charts consistent      |
| <input type="checkbox"/> | Ready for use              | Plug-and-play, no further edits required |
